SUMMARY

Dynamic Sales Executive with 3 years of experience in managing international client communications and negotiating deals within software and CMS projects. Effectively translated client needs into structured specifications, contributing to successful project execution and strong client retention. Seeking new opportunities to leverage communication and negotiation skills to drive growth and enhance client relationships in a dynamic environment.

EXPERIENCE

Sales Executive(Foreign Communicator)

Softvence Agency

June 2025 - Present, Mohkhali Dhaka

- Sales Executive (Foreign Communication) at Sofvence Agency, Managing international client communications, gathering and analyzing software requirements, and working on CMS and FSD-based projects.
- Skilled in translating client needs into structured specifications, negotiating deals, and maintaining strong client relationships.

Data Analysts

Intelligent image management limited

January 2023 - December 2024, Shajahadpur, Badda, Dhaka

- Analyzed large datasets using SQL and Python, generating actionable insights that informed product development and enhanced data-driven decision-making across multidisciplinary teams.
- Developed automated data pipelines that streamlined collection, validation, and processing workflows, drastically reducing manual intervention and supporting the timely delivery of analytics to stakeholders.

Software Engineer

ATC Tech Limited

January 2024 - October 2024, Rajshahi Hi-tech Park

- Developed a comprehensive software solution called "NGO" using Node.js for the backend and React for the frontend, demonstrating full-stack development capabilities.
- Developed a comprehensive software solution called "Smart Petrol Pump." As a team leader.
- Engineered and deployed RESTful APIs for large-scale SaaS platforms at ATC Tech Limited, ensuring seamless integration with third-party services and supporting rapid feature expansion.

EDUCATION

B.Sc. in Computer Science and Engineering (CSE)

Daffodil International University • Savar, Dhaka, Bangladesh • 2025 • 3.00

- Participated in the Daffodil International University CPC Programming contest (2019, 2020 & 2022).
- Participated in Daffodil International University ROBOTICS Competition (2023).
